THE CARNIVAL.

The second carnival of the season was

held, on the Saskatchewan River, last

evening, and was well attended more es-

pecially by ladies in costume. The

evening was too cold for a person to

stand any length of time without

freezing, which the band knew, as they

would only get about half way through

a piece of music when their instruments

would freeze up.

It is impossible to single out from among

the ladies any of the costumes worn by

them, there were so many beautiful, neat

and tastefully planned ones. Among

the gentlemen we are still in doubt as to

what W. R. Fish intended to represent,

whether a Barrel of Whiskey or Hammy.

The rest were plain to be seen; pages,

knights, Klu Klux, brigands, highland-

ers, and a priest kept the score lively by

their constantly fitting part one another.

We could not get the names of all

those who took part, which we regret,

but we will give, from among those

we have got, the most conspicuous and

beautiful, which were:

Mrs. R. Gwynne, Italian Peasant;

Misses B. Mack, Norwegian Girl; Lou

McWilliam, Sailor Girl; Blanche Sprout,

Swiss Peasant; S. McKenzie, Black Nun;

Janie McWilliam, Swiss Peasant; Mes-

sars E. O. Davis, A Private suit; H. Nelson,

Page; R. McLean, Phantom; J. E. Knowles,

Lieut. Gent; T. N. Campbell

and F. Baker, Klu Klux; R. Middleton,

Friend; Hy. Ross, Italian Brigand; Fred

Stewart, Page; T. Powers, Highlander;

A. Nelson, Punch; W. R. Fish, Barrel

of (Hammy) Whiskey; J. McLean, Stu-

dent; C. McWilliam, Page; A. B. Sprout,

Sailor; Wm. Tait, Plantation Overseer;

F. Cherry, Western Multerer; F. Neil,

Lad; Schmidt, Sioux Indian.

OTTAWA, Feb. 2.—Mr. Beatty, M. P., received a letter from a member of the company in England saying that the prospects were good for disposing of \$3,000,000 of Manitoba Central Railway bonds. It is 80, 70 to 120 miles of the road will be built this season.

Dr. Harrison was here to-day and was closeted for some time with Messrs. Bowell, Costigan, Caron and other members of the Government.

Messrs. Small and Hays, with other members and a number of Toronto gentlemen, interviewed Mr. Van Horne to-day. Replying to Mr. Knowlton, Mr. Van Horne said the Company would not object to railways crossing the boundary. He repudiated the charge of employing a majority of Americans. There were only 17 American conductors out of 110. All the material and cars possible were purchased in Canada. One contract has just been let for \$100,000 worth of cars.

R. H. Leitch, Brownville, has been appointed one of the agents in connection with the Antwerp exhibition.

MONTREAL, Feb. 2.—The Manager of the Merchant's Bank has received notice from Baltimore that Yarwood, the principal in the Merchant's Bank robbery at Belleville last October, has been arrested.

A telephone war is probable, as the new company organized promises to reduce the rates one-half.

It is rumored that the C. P. R. proposed to the Government to buy back the Company's lands at two dollars per acre.

TORONTO, Feb. 2.—R. Blackie, a baker who eloped from England with a servant girl was this morning charged with neglecting to support his wife and family. After hearing the wife's story he was remanded till Thursday, bail being refused. His wife and children are dependent on the charity of neighbors.

It is understood that Scholes and Mitchell meet here three weeks hence in the long talked of glove contest.

It is rumored that Judge Morrison's resignation is in the hands of the Federal Government.

HAMILTON, Feb. 2.—The case of G. W. Richards, charged by Reid & Barr with forgery, was brought up at the police court this morning, when Geo. Barr, vice-president of the Reid & Barr Company, was called as a witness. He gave such queer testimony that the magistrate ordered his arrest as he left the witness box, and he was subsequently committed for trial.

Howard, Robson & Co's flour mill at Waterdown was burned to-day. The loss is heavy.

KINGSTON, Feb. 2.—It is understood that Dr. Lovell has been appointed Warden of the penitentiary, vice Creighton, deceased.

A body, supposed to be that of Mrs. Keeley, stolen a week ago from Raitton, was found in the dissecting room of a College by her son. The students say it is not Mrs. Keeley's body. It was mutilated beyond recognition.

RICHMONT, Feb. 2.—John Gibb attempted suicide last night by cutting his throat with a razor, because his wife had joined the Salvation Army. His recovery is doubtful.

Mr. J. M. Rae, Indian Agent Battleford, was in town last week, looking hale and hearty. There is some talk of Mr. Rae moving his quarters down here. We hope it may be so.

RULES OF WHIST.

BY WILLIAM FOLE, F. R. S.

If you the modern game of Whist would know,
From this great principle its precepts flow:
Treat your own hand as to your partner's joined,
And play not one alone, but both combined.

Your first lead makes your partner understand
What is the chief component of your hand;
And hence there is necessity the strongest
That your first lead be from your suit
that's longest.

In this, with ace and king, lead king,
then ace;
With king and queen' king also has first place;

With ace, queen, knave, lead ace and then the queen;

With ace, four small ones, ace should first be seen;

With queen, knave, ten, you let the queen precede;

In other cases, you the lowest lead.

Ere you return your friend's, your own suit play;

But trumps you must return without delay;

When you return your partner's lead take pains
To lead him back the best your hand contains,

If you received not more than three at first;

If you had more you may return the second.

But if you hold the master card, you're bound
In most cases to play it second round.

When you want a lead, 'tis seldom wrong
To lead up to the weak, or through the strong.

If second hand, your lowest should be played;

Unless you mean 'trump signal' to be made;

Or if you've king and queen, or ace and king,
Then one of these will be the proper thing.

Mind well the rules for trumps, you'll often need them;

When you hold five, 'tis always right to lead them;

Or if the lead went come in time to you,
Then signal to your partner so to do.

Watch also for your partner's trump request,

To which, with less than four, play out your best.

To lead through honors turned up is bad play;

Unless you want the trump suit cleared away.

When, second hand, a doubtful trick you see,
Don't trump it if you hold more trumps than three;

But having three or less, trump fearlessly.

When weak in trumps yourself, don't force your friend;

But always force the adverse strong trump hand.

For sequences, stern custom has decreed
The lowest you must play, if you don't lead.

When you discard, weak suits you ought to choose,

For strong ones are too valuable to lose.

CARLTON.

An oyster supper was given here on the evening of the 3rd inst. to Mr. F. Sodon on his leaving the service of the H. B. Company. We understand Mr. Sodon goes to New Brunswick to start farming.

Large quantities of freight have been passing here from the east to Battleford. Mr. J. M. Rae, Battleford, and Mr. W. Carter, visited this place last week.

Dominion Parliament.

The Speech from the Throne.

OTTAWA, Jan. 29.—The third session of the Fifth Parliament of Canada was opened with the customary ceremonies to-day. The Governor-General read the following Speech from the Throne:—

SPEECH FROM THE THRONE.

Hon. Gentlemen of the Senate:

Gentlemen of the House of Commons:

In again greeting you for the despatch of business, I have to congratulate you on the abundant harvest with which Providence has blessed our country, and upon the general condition of the Dominion. Its commercial prosperity, although it has to some extent shared in the depression which has prevailed in Great Britain and in the neighboring Republic, rests upon foundations which no temporary or partial disturbance can shake. I trust that the present year will be one of peace and progress.

The flow of population into Manitoba and the North West Territories, although impeded by various and unexpected causes, has been substantial; and the testimony of members of the British Association and other visitors to the North West last summer as to the well-being, contentment and hopefulness of the settlers, is most gratifying.

A bill introducing into these Territories a more simple and economical system for the

TRANSFER OF LAND.

will be laid before you. The report of the commission for the consolidation of the statutes affecting the Dominion has been completed, and will be submitted to you for legislative action. You are again invited to consider a measure relating to the representation of the people in Parliament, and for the assimilation of the franchise in the several provinces. A provisional arrangement of matters for some time under discussion with the Government of Manitoba has been entered into and a measure confirming the same will be submitted to you so soon as it has been approved by the Provincial Legislature. I deemed it expedient to issue during the recess a Commission to consider and report upon the whole subject of

CHINESE IMMIGRATION.

with reference to its trade relations, as well as to those social and moral objections which have been taken with reference to the influx of the Chinese people into Canada.

The report of the Commissioners is very nearly completed, and will be laid before you during the present session. The necessity of encouraging the speedy construction of lines of railway through the North West Territories has pressed itself on my Government, and you will be asked to aid and railway enterprise by liberal grants of land. Urgent representations have been made by the Boards of Trade of the chief towns in Canada, as well as by some of the Chambers of Commerce in Great Britain, of the necessity that exists for the adoption of some

SYSTEM OF BANKRUPTCY.

or insolvency, giving adequate protection against undue preferences, and your attention to this important subject is earnestly invited. In pursuance of the vote of last session, I caused a vessel to be fitted out and despatched to Davis' Straits and Hudson's Bay in order to obtain more accurate information as to the navigation of those waters and test the practicability of the route for commercial purposes. A report of the progress of the expedition during last session will be laid before you.

An international exhibition will be opened at Antwerp during the present year, and a Colonial and Indian Exhibition is to be held in London in 1886. Canada should, I think, be represented in her various manufactures and natural productions on both occasions, and I invoke your consideration of the best means of aiding in those important objects.

Several other measures of importance will be submitted to you. Among them will be bills to amend the Insurance Act of 1877, the Civil Service Act, and the law relating to contagious diseases among cattle, as well as measures for taking an early period a census of the population of the North West Territories, and re-organizing the North West Mounted Police.

Gentlemen of the House of Commons:

The accounts for the past fiscal year will be laid before you. You will find that notwithstanding the very considerable reduction in the prices and volume of many of the leading imports, the income has exceeded the expenditure chargeable to consolidated revenues.

The estimates for the ensuing year will also be submitted. They will be found, I trust, to have been prepared with due regard to economy.

Hon. Gentlemen of the Senate:

Gentlemen of the House of Commons:

I am sure that your earnest consideration will be given to the subjects I have mentioned, as well as to every matter which may affect the prosperity and good government of Canada.

The members of the Commons then returned to their Chamber, where some formal business was transacted.

OTTAWA, Jan. 30.—In the Senate to-day the Address in reply to the Speech from the Throne was moved by Senator McDonald of British Columbia, and seconded by Senator Sullivan of Kingston.

Mr. Blake spoke for nearly three hours, following the mover and second of the address in reply to the speech. He ridiculed the national policy. Great blunders had been committed in the North West by locking up large blocks of land, the creation of the railway monopoly, and the increase in the tariff. The anxiety of the people to destroy the monopoly was shown by their urgency for the Hudson's Bay railway. He urged the construction of more railways in the Northwest, and the granting of representation in Parliament to the Territories.

Sir John made a reply, maintaining that the country was as prosperous as was anticipated. Home competition, he said, was lowering the price of goods. With regard to the representation of the North West, they must get a census of the Territories and the location of the population before giving representation. As to the bankruptcy law, the Government would ask the House to strike a special committee to enquire into the whole subject and report, with a view to further legislation. Sir Richard Cartwright closed the debate.

The Syrup of Spruce and Wild Cherry manufactured by T. E. Jackson is equal to the best imported preparations for recent colds and coughs. Encourage home production and give it a trial. T. E. Jackson, Medical Hall.

BIBLE COMPETITION.

The publisher of the popular humorous work entitled "Our Joshua as a Reporter," anxious to dispose of the limited number of copies on hand has offered a special inducement. The person sending the first correct answer to the following Bible question before the 15th Jan., 1885, will receive TEN DOLLARS in gold (\$10 in Gold), the persons sending the next five correct answers, one dollar each, and the five persons sending the last correct answers one dollar each in all eleven rewards.

Each person competing must enclose twenty-five cents with their answer and will receive by return mail a copy of "Our Joshua as a Reporter," a humorous work of 160 pages of which the Provincial and United States press have spoken most favorably. Name this paper.

QUESTIONS—Multiply the number of elders that John saw in his revelation by the number of years Satan was bound, divide by the number of gates in the New Jerusalem, add number of shekels of silver taken by Achan from Jericho, subtract the number of false prophets killed on Mount Carmel, divide by the number of Moses' sons, and subtract Eli's age at his death.

The correct answer and names of successful competitors will be published in the New Brunswick Reporter a copy of which will be forwarded. Address—HERMAN H. FITTS, Manager "N.B. Reporter," Fredericton, N.B. P. O. box 209.
